Our unique treatments and rituals are inspired by, designed and based on Africa's rich heritage. Your treatments have been designed to restore wellness and harmony. When it comes to healing, touch is considered to be the most powerful of the body's five senses as it helps energy flow freely, which stimulates and improves the physical body as well as the emotional. Get close to nature at our Dee's African Spa Hut overlooking the Sabie River at the boarder of the Kruger National Park.
